Offering multi-award winning service and exclusive access to leading manufacturers, we're passionate about helping you find the highest quality and most exciting competitive socializing products.

We've been supplying industry-leading products for over a decade and our expert commercial team love talking about how games and activities can boost revenues, increase dwell time and really help your business stand out. Our team is happy to assist you from initial enquiry, through to purchase, delivery and product servicing.

Our award winning website carries a wealth of information to allow you to make an informed choice. There is plenty of buying advice, should you need a helping hand, along with lots of product images and videos.

We are proud to represent the following brands exclusively in the UK:

# *Visit Our Showrooms*

Our sales office and three large showrooms display a wide range of our commercial products such as contactless pool tables, Digipool, arcade machines, shuffleboard tables, pinball machines, table tennis tables and much more.

We have a wide range of finance, leasing and rental options available on our products. Have a chat with our commercial team on 01454 413636 or 0800 622 6464 to find out more.

# *Patented Contactless Payment Solutions*

## Contactless is the Future

2018 was the first year where more transactions were made using debit card payments than cash. In fact, contactless transactions increased 95%.

With this in mind, we have designed our contactless range of pool tables to make payments quicker and easier for your customers, giving increased revenues and a choice of three models:

The Signature Vantage Pool Dining Table is an ideal space saving solution for food venues that also want to maximise dining space and also attract pool table revenue.

The Signature Tournament provides the classic “pub” style pool table design in a range of versatile finishes to compliment any venue’s style.

The Signature Patriot offers a tournament grade American pool experience that is easily accessible to a variety of players at an unrivalled price.

## The Results Speak for Themselves

Businesses with contactless pool tables benefit from average takings of £32 per day, versus an industry average of £14 per day for cash tables. That’s an increase of over 120%. This boost in gameplay within these venues has maximised dwell time and increased wet and food sale takings as a result.

# *Pinball Machines*

Over the past decade, Pinball has seen an incredible rebirth in the commercial space. Stern Pinball of Chicago U.S.A have been at the forefront of this revolution, releasing multiple brand new designs every year with the latest technology, built around the hottest licenses in the market today.

2019 saw several landmark machines release including Jurassic Park and even Netflix's Stranger Things, all of which are pulling both casual and pinball fanatics alike back again and again in their drive to claim a top score.

New pinball machines are being released consistently throughout the year, and are compatible with new coin mechanisms as well as contactless payment readers.

# Shuffleboards

## Signature Marlowe

The Signature Marlowe has been our most popular model for commercial venues looking to explore shuffleboard. As versatile as it is good-looking, the Marlowe's dark natural oak finish offers classic good looks in 7 different sizes ranging from 9ft to a tournament standard 22ft.

Matching wooden covers can also protect your pristine playing surface when not in use.

## Hudson

Hudson Shuffleboards are the world's premier manufacturer of competition grade table shuffleboards which is why they're showcased at notable venues such as Electric Shuffle and London Shuffle Club.

Models such as the Hudson Grand Deluxe and the Metro have already proven to be incredibly popular with venues with their solid wood construction and their perfect resin-topped playing surfaces, levelled to micrometre precision.

Hudson Shuffleboards are available in a vast range of different styles, lengths, and additional extras. Whether you choose a smaller 9ft table or a tournament specification 22ft, Hudson Shuffleboards are sure to give your venue a taste of class that's hard to find elsewhere.

## Embracing the Technological Revolution

Digipool turns the traditional game of pool completely on its head with a brand new, technological revolution in how pool can be played. Digipool can be integrated into virtually any existing pub pool table set up, giving up to 16 players a range of new and interactive games to play on either the standalone Digipool kiosk or a wall-mounted screen unit.

Digipool's competitive interactivity has been an instant hit, with venues enjoying increased consumer dwell times as well as food and wet sales.

Digipool is a massive hit with groups of friends as well as corporate customers.
