((3.)) CHECK CONNECTION

A. To show that ScoreBuddy® has successfully connected to your Unicorn® Smartboard®, the light on the front of the dartboard will be a solid **green** (no longer flashing). If the light is not illuminated press the button on the dartboard to reconnect. (No pairing is required)

B. The connection status indicator in the ScoreBuddy® App should be **blue**.
(If not solid **blue** press the status indicator in the App and press reconnect).

C. For the best connection it is recommended there is a maximum of 1.5 metres between the Smartboard® and your device.
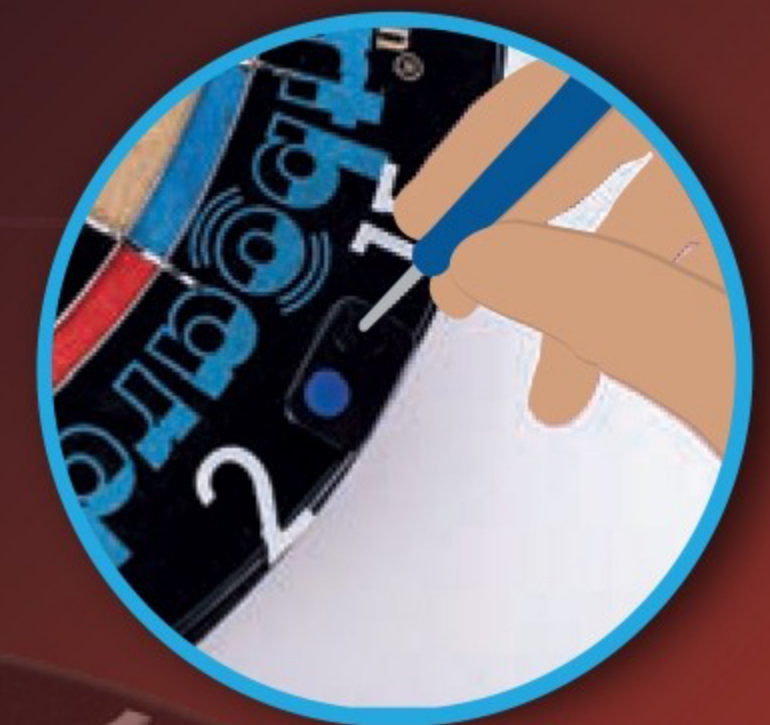

((4.)) MAGNETISE YOUR STEEL TIP DARTS

A. It is important each Steel Tip point is "magnetised", to ensure correct scoring is recorded in the Unicorn® ScoreBuddy®App

B. Dart points are magnetised by inserting each point into the Magnetiser hole (illuminated by the **green** light) on the front of the dartboard.
We reccomend placing each dart point in the magnetiser for 3 seconds

C. Unicorn® Steel Tip dart points are recommended for the best experience.

D. Users of the Unicorn® Soft Tip Smartboard® can skip this step as your dart tips are plastic

((5.)) READY TO PLAY
