

## GamePro Invader 60 Games List

For ease of viewing, this games list has been split to show each individual game type by platform. You can use the colour-coded colour key and contents below, or search through the entire games list using the "Search" function. To use the search function, use the Ctrl (Cmd on Mac) and the F key, then type the game you want to search for.

|                    |                          |                 |
|--------------------|--------------------------|-----------------|
| 1942               | Galaga (Rapid Fire Mode) | Phoenix         |
